

Design for EMC

Huawei Technologies Co Ltd, 25-28 June 2001

Contents

Day 1

Section 1 Introduction and the EMC Directive

Section 2 Emission and immunity test standards

Section 3 Interference coupling fundamentals

Day 2

Section 4 System layout and grounding

Section 5 PCB layout

Section 6 Digital and analogue circuit design

Day 3

Section 7 Emissions from power switching circuits

Section 8 Cables and connectors

Section 9 Filtering and suppression

Day 4

Section 10. Shielding

Section 11. Diagnostics and fixes

Section 12. Emissions tests

Section 13. Immunity tests
